OBJECTIVE

Enthusiastic and detail-oriented UI/Front-End Developer with 6 years of experience building responsive, user-focused web applications. Skilled in modern JavaScript frameworks, UI architecture, and reusable component development. Passionate about learning new technologies and contributing to collaborative, innovative teams.

EDUCATION

Faculty of Science, Minia University

(2014-2018)

B.Sc Mathematics and Computer Science Program

- Cumulative Degree: Good
- Graduation Project: Online Ordering System for Restaurants – Grade: Excellent.

NTL - Udacity

(Nov 2017 - May 2018)

Udacity Front End Developer Nanodegree program

WORK EXPERIENCE

As a UI/Front-End Developer, I collaborated in an agile team environment to build and maintain diverse web projects using HTML, CSS, JavaScript, and other modern front-end technologies. My responsibilities included developing reusable components, implementing efficient project structures, and transforming UX/UI designs into responsive, interactive interfaces. I've worked on a variety of projects—such as landing pages, dashboards, and e-commerce applications—while also focusing on troubleshooting, performance optimization, and ensuring high-quality user experiences.

Senior Frontend Developer, Elyak

(Apr 2025 - Present)

- [sumaya369](#): An e-learning platform for self-awareness and personal growth.

UI Developer, IgnteQ (Freelance)

(Sept 2024- Jun 2025)
